Street workout set WS00RD - red

Product type WS-008RD-15

Basic information

Age category

Minimum area

4,93 m x 4,3 m

For imment measurements

1,03 m x 1,3 m

Equipment measurements 1,93 m x 1,3 m x 2,26 m

Free fall height: 1,5 m
Load capacity: 312 kg
Max. number of users: 4

Fall zone: EN 1177 Grass surface
Designation: exterior
Availability of spare parts: supplied by the
Certificate of Compliance: ČSN EN 16630

Material

Metal units - structural steel

Plastic units - HDPE

Finish

Komaxit powder coating Hot-dip galvanizing

The support structure of the workout set is made of structural steel which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements, and coating with baked paint KOMAXIT according to the RAL colour system. These structures are anchored to concrete footings with zinc anchors. All other metallic elements, such as handles, parallel bars etc., are also zinc coated and treated with baked paint KOMAXIT according to the RAL colour system or, if required by the customer, the elements can be made in stainless steel.

All bench boards and steps are made of high quality HDPE (high-pressure, full-coloured polyethylene, which is characterised by high colour stability, UV resistance and mainly safety because it is rigid and there is no risk of injury caused by sharp broken fragments). All connecting material is zinc or stainless steel coated.

Equipment

Color variants: blue-black, red-black, yellow-black, green-black, grey-black, orange-black.
