

## Bin OK001KP

Product type OK-001KP

### Basic information

|                              |                         |
|------------------------------|-------------------------|
| Age category                 | from 0 years            |
| Minimum area                 | 1,4 m x 1,4 m           |
| Equipment measurements       | 0,39 m x 0,39 m x 0,8 m |
| Free fall height:            | 0 m                     |
| Load capacity:               | Not specified           |
| Max. number of users:        | Not specified           |
| Fall zone: EN 1177           | Not specified           |
| Designation:                 | exterior                |
| Availability of spare parts: | supplied by the         |
| Certificate of Compliance:   | ČSN EN 1176 - 1         |

### Material

Metal units - structural steel  
Slats - recycled plastic

### Finish

Hot-dip galvanizing

### Description

The waste bin is made from recycled plastic. The structure is fixed in a concrete bed. The metal frame and the insert of the litter bin are made from galvanized steel. All metal units are protected against corrosion by hot-dip galvanizing. All fastening material is galvanized or stainless steel.

Cubic capacity: 65 l
