

Seating set LA319D (mobile)

Product type LA-319KZnD-10

Basic information

Age category	from 0 years
Minimum area	5,63 m x 5 m
Equipment measurements	2,63 m x 2 m x 2,03 m
Free fall height:	m
Load capacity:	Not specified
Max. number of users:	6
Fall zone: EN 1177	Not specified
Designation:	exterior
Availability of spare parts:	supplied by the
Certificate of Compliance:	ČSN EN 1176 - 1

Material

Metal parts - structural steel
 Wooden parts - spruce wood or oak
 Roof - HPL

Finish

Impregnation and coating with a triple layer of lacquer
 Hot-dip galvanizing

Description

The seating set is made from spruce wood, or oak should the client require. The wood is impregnated and coated with a triple layer of lacquer, which meets the terms and conditions of the EN71/3 Standard (safe for children's toys). The posts of the table and benches are made from structural steel (steel profile of 80 x 40 mm and 40 x 40 mm), protected against corrosion by hot-dip galvanizing, which significantly prolongs the life of the play unit. The roof is made from HPL (High-pressure laminate, which is characterised by high colour stability, UV resistance and water resistance). All fastening material is galvanized or stainless steel.

Equipment

1x table, 2x benches, 1x roof.
