

Game set castle UNH4021KW - brown

Product type UNH-4021KW-20

Basic information

Age category	3 - 15 years
Minimum area	10,5 m x 9,5 m
Equipment measurements	6,9 m x 6,07 m x 3,66 m
Free fall height:	2,0 m
Max. number of users:	28
Fall zone: EN 1177	Rubber or gravel, 82 m ²
Certificate of Compliance:	ČSN EN 1176-1 ed.2 +A1:2024 ČSN EN 1176-2 ed.2:2018 ČSN EN 1176-3 ed.2:2018 ČSN EN 1176-11:2015

Material

Plastic units - HDPE, polyamide
Metal units - structural steel
Climbing holds - polyester
Slide and tube slide - fibreglass
Ropes and nets - polypropylene with a steel internal core
Platform - HPL
Crawl tunnel - polyethylene

Finish

Duplex powder coated with coat curing
Hot-dip galvanizing

Description

The supporting structure is made of galvanized structural steel and then powder coated, and all other metal parts are made of black structural steel, sandblasted, duplex sprayed with powder coated.

All other metallic elements are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion.

The slide and tube slide are made from fibreglass. The surfaces of the slide, tube slide, steps, etc. are made from high quality HDPE plastic (high density coloured polyethylene, which is characterised by high colour stability, UV resistance but mainly safety as it doesn't break and therefore there is no danger of injury to children by sharp fragments). The rope bridge is made using HERKULES material (16 mm thick ropes made from polypropylene with a steel internal core) and is connected with plastic or aluminium joints. The platforms are made from HPL (High-pressure laminate, which is characterised by high colour stability and water resistance). The climbing holds are made from the polyester, which ensures long life, colour preservation as well as skin friendly surface. All fastening material is galvanized or stainless steel.

Equipment

4x tower, 2x slide, tube slide, 3x Zinnenbattlements, 4x barrier, vertical pole climb, sloping ramp with steps and sides, vertical climbing wall, 2x rope bridge, crawl tunnel between the towers.
