

## Climbing set SS501D-W

Product type SS-501D-20-W

### Basic information

Age category	3 - 15 years
Minimum area	9 m x 5,5 m
Equipment measurements	4,38 m x 0,99 m x 2,12 m
Free fall height:	2 m
Load capacity:	270 kg
Max. number of users:	5
Fall zone: EN 1177	Rubber or gravel, 49,5 m <sup>2</sup>
Designation:	exterior
Availability of spare parts:	supplied by the
Certificate of Compliance:	ČSN EN 1176 - 1

### Material

Wooden units - glued wooden supports  
 Metal units - structural steel  
 Climbing holds - mix of silica sand and epoxy resin  
 Ropes and nets - polypropylene with a steel internal core  
 Plastic parts - polyamide

### Finish

Impregnation and coating with a triple layer of lacquer  
 Duplex powder coated with coat curing  
 Hot-dip galvanizing

### Description

The climbing set support structure is made from 100 x 100 mm thick glued wooden supports. This solution ensures maximum protection against cracking, which is common for products made from solid wood. The wooden supports are impregnated and coated with a triple layer of lacquer, which meets the terms and conditions of the EN71/3 Standard (safe for children's toys). The structures are anchored into the ground in steel plates, which are protected against corrosion by hot-dip galvanizing and fixed in a concrete bed. The anchors are fastened to the play unit with bolts and their structure ensures that they are not in direct contact with the ground. All other metal units are zinc coated and KOMAXIT powder coated according to the RAL.

The climbing net and the swinging rope loops are made using HERKULES material (16 mm thick ropes made from polypropylene with a steel internal core) and they are connected with plastic joints. The climbing wall is made from HDPE. The climbing holds are made from the mix of silica sand and epoxy resin, which ensures long life, colour preservation as well as skin friendly surface. All fastening material is stainless steel.

### Equipment

Climbing wall, 2x swinging rope loop, Swedish ladder, climbing net, climbing pole.
